

CY- NST.08 – Non-Life Business – Analysis of gross premiums written by source of business

General comments:

This document contains additional instructions in relation to the National Specific Template for Cyprus, CY-NST.08.

This document relates to quarterly, half-yearly and annual submission of information.

This template is based on a year-to-date basis.

This template provides an analysis of non-life gross premiums written in the reporting period (including health similar to non-life insurance (NSLT)), by line of business (LOB) and source of business. For this purpose, “gross premiums written” shall be defined as in the definition of Premiums written in template S.05.01. Amounts should be consistent with template S.05.01.

Direct insurance and proportional reinsurance accepted shall be reported under each of the headings for LOB’s 1-12 in Annex I of the Commission Delegated Regulation (EU) 2015/35, except for LOB 4 (Motor vehicle liability insurance) and LOB 5 (Other motor insurance) which shall be combined as Motor Insurance.

The segmentation of contracts by LOB in this template shall be consistent with the segmentation adopted for the QRTs, except for the motor insurance, as above.
